

VELL RECENT PLACEMENT

WILLIAM DOYLE SVP, BUSINESS DEVELOPMENT – ENTERPRISEDB

Bill Doyle joins the company from Deltek Systems, the leading provider of financial systems for project-based business, where he was vice president, strategic alliances. Previously, he was vice president, channel sales, at Netezza Corporation, the leading data warehouse appliance provider. Before that, Bill served as vice president, global alliances, at MicroStrategy, a leading business intelligence enterprise platform provider. Bill was also the founder of software development firm Operations Management Software and a principal at American Management Systems. He holds a degree in computer science from Penn State.

“EnterpriseDB’s significant cost advantages are multiplied for ISVs and systems integrators that incorporate EnterpriseDB Advanced Server into their offerings,” said Andy Astor, chief executive officer, EnterpriseDB. “Bill Doyle’s extensive experience building successful channel programs will accelerate the expansion of the community of partner companies enjoying these advantages.”
