Pete earned a B. Eng in Electrical Engineering and an M. Eng in Electrical Engineering (Computer Group) from the University of Toronto.

About Procure.com

ProCure.com Inc. was acquired by BCE Emergis Inc. on 07/09/2001. ProCure.com, Inc. is a supplier services provider (SSP) that develops enablement applications. The company's product provides hosted services for tracking and integrating orders. ProCure.com is based in Oakville, Canada.

About SNS Assure

SNS/Assure was Canada's largest third party POS transaction processor and operates Canada's largest private health claims processing network. The Company provided some of these transaction processing and information services through its proprietary dial-access data communications network, LaserNet Plus, which carried credit and debit card authorizations and health benefits claims. The Company was also a leading Canadian supplier of EDI services to the health care, transportation, logistics, retail and manufacturing industries. The Company's workflow and document management software application was installed with accounts in over 20 locations in major financial centres worldwide. The Company's predecessor, Transact Data Services Inc. ("TDSi"), was incorporated under the Canada Business Corporations Act on December 24, 1985. The Company's head office was located at 5090 Orbitor Drive, Mississauga, Ontario, Canada.
