VICKI BROWN
VICE PRESIDENT, MARKETING

Vicki Brown brings more than 13 years of marketing management experience to mindSHIFT. She was most recently Vice President of Marketing at IntelliReach Corporation, the integrated messaging management software company acquired by Infocrossing. Prior to IntelliReach, Ms. Brown was Chief Operating Officer at IDC, leading the marketing initiatives and infrastructure improvements that enabled IDC's rapid revenue and profit growth. In her 15-year career at IDC, Ms. Brown held various executive positions, including Chief Operating Officer, Senior Vice President of Worldwide Marketing, Senior Vice President of U.S. Sales and Vice President of Systems and Software Research.

Prior to IDC, Ms. Brown was the Director of Entry Desktops Product Marketing at Sun Microsystems, where she successfully launched the SPARCstation 5, then the highest selling product in Sun's 13-year history.

About mindSHIFT Technologies

mindSHIFT Technologies provides a fully managed information technology (IT) infrastructure service for small-to-mid sized organizations enabling them to increase network reliability, protect crucial information assets, and focus on their core business. With mindSHIFT's 24x7 proactive network monitoring, single point of accountability, and world class customer care center, mindSHIFT transforms your IT operations into a utility.
